Product Overview

Active Ingredients:

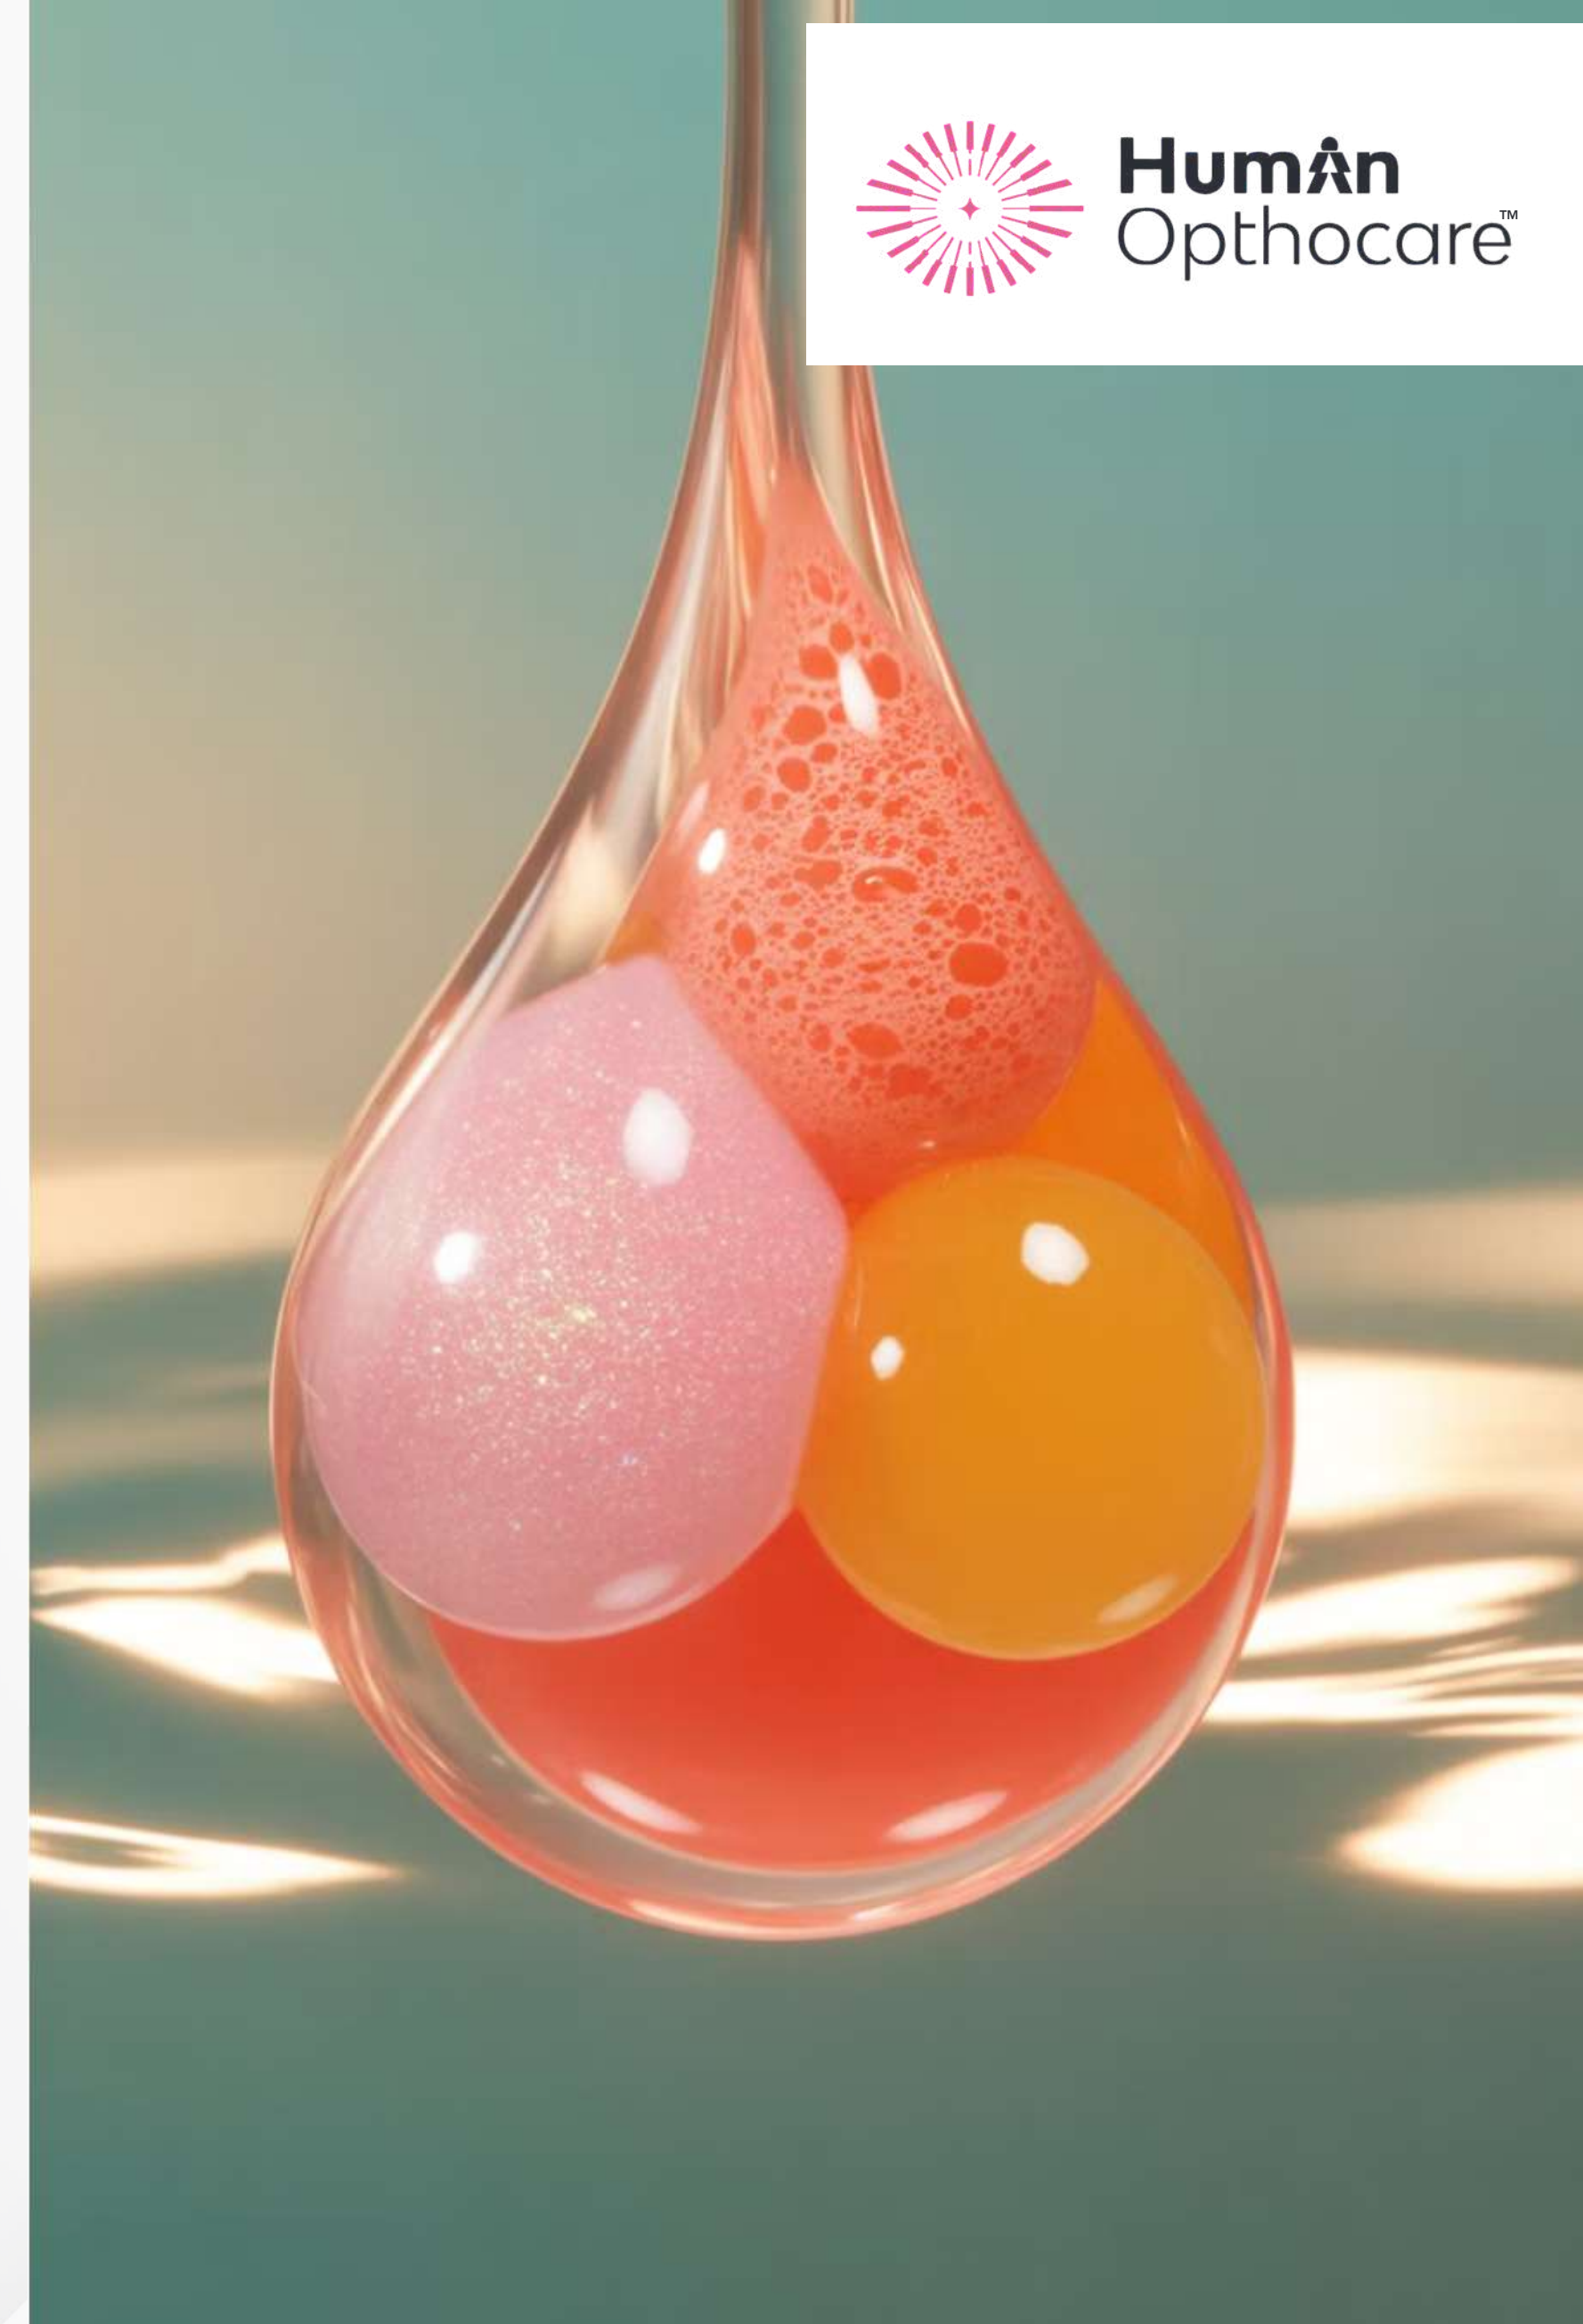

- **Moxifloxacin HCl** → Broad-spectrum 4th gen fluoroquinolone antibiotic
- **Betamethasone Sodium Phosphate** → Strong corticosteroid for anti-inflammatory action
- **Hydroxypropyl Methylcellulose (HPMC)** → Lubricant, tear substitute & ocular comfort enhancer

Multi-action formulation:

Antibacterial + Anti-inflammatory + Lubrication

Specially designed for:

Post-surgical recovery, ocular infections with inflammation & dryness

Why Moxytrop-BH?

Triple Mechanism of Action

Moxifloxacin

Rapid bactericidal effect on Gram+ & Gram- bacteria

Betamethasone

Potent anti-inflammatory, relieves pain, swelling & redness

HPMC

Provides soothing comfort, prevents ocular dryness & irritation

Advantage:

Single solution for infection + inflammation + comfort

Indications

💡 Moxytrip-BH is recommended for:

- Post-cataract & LASIK surgery prophylaxis
- Ocular infections with significant inflammation
- Steroid-responsive ocular inflammatory conditions with bacterial risk
- Relief from ocular dryness & irritation in infection recovery

Clinical Advantages

Key Benefits of Moxytrop-BH:

Comparison with Other Eye Drops

Parameter	Moxytrip-BH (Moxi + Betamethasone + HPMC)	Moxifloxacin Alone	Moxi + Steroid
Antibacterial	✔ Strong	✔ Strong	✔ Strong
Anti-inflammatory	✔ Strong	⊘ None	✔ Strong
Lubrication	✔ Yes (HPMC)	⊘ No	⊘ No
Post-op Use	✔ Excellent	⚠ Limited	✔ Good
Compliance	✔ Single solution	⚠ Needs add-on	⚠ Needs lubricant

Dosage & Administration

Dosage

1–2 drops into affected eye(s), **2–3 times daily** or as directed by physician.

Shake well before use.

Remove contact lenses before instillation.

Not for prolonged unsupervised use (due to steroid).

For **topical ophthalmic use only**.

Safety & Tolerability

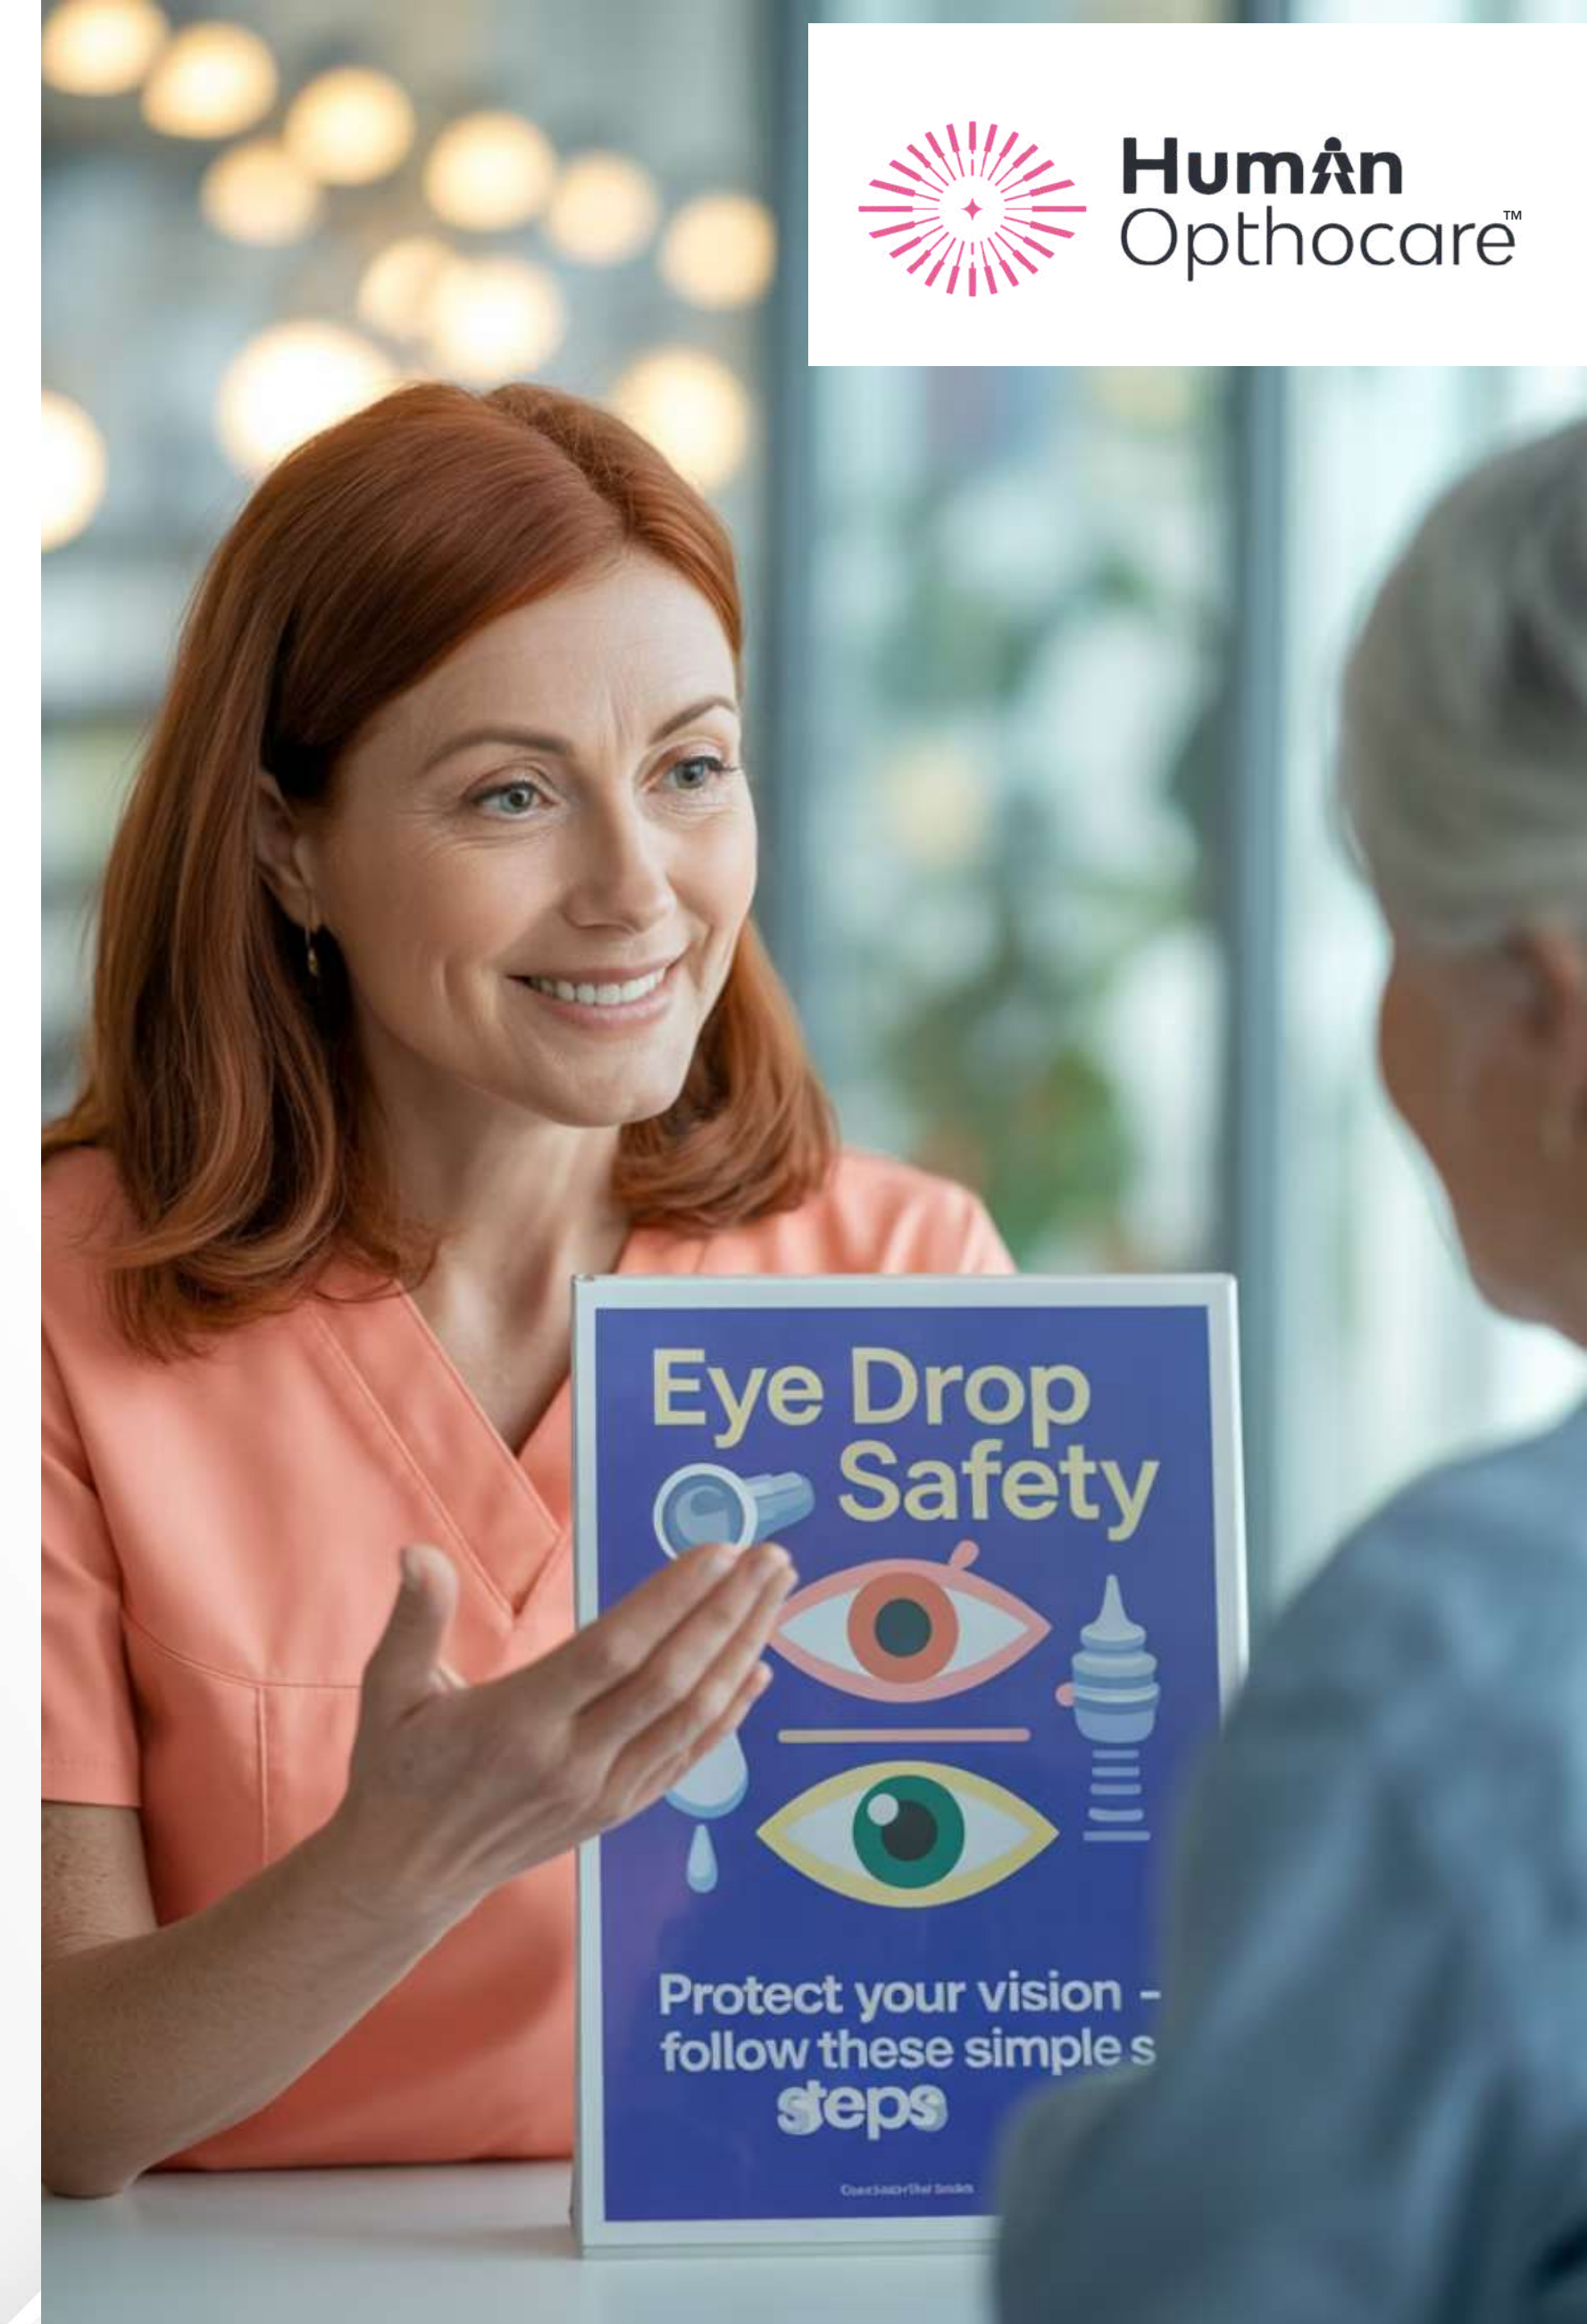

Generally Well-Tolerated

Possible side effects:

- Mild stinging/irritation
- Temporary blurred vision
- Rare: rise in IOP with long-term steroid use

Contraindications:

- Viral/fungal eye infections
- Hypersensitivity to fluoroquinolones/steroids
- Long-term unsupervised therapy

Why Prescribe Moxytrip-BH?

 Doctor's Choice For:

Comprehensive **infection + inflammation + comfort** therapy

Triple-action formulation reduces multiple prescriptions

Ideal for **post-operative care & ocular infections with dryness**

Potent steroid (Betamethasone) for faster inflammation relief

Reliable **HumAn Opthocare** product
